

Domestic Client

Maurice Haslam
Ripley, Derbyshire

Domestic Client, Maurice Haslam

Maurice Haslam contacted Midlands Asbestos Solutions when plumbers uncovered an asbestos flue pipe whilst they were replacing a boiler.

Understanding that the client was in need of a fast response, MAS were quick to act and attended the site that morning to assess the work. Offering an efficient response, on the same day, MAS were able to recommend solutions and submit costs to the client, arranging for the removal of the asbestos all on the same day.

Maurice Haslam were impressed with the asbestos removal service provided, allowing for the boiler replacement work to continue meeting work deadlines.

A job well done!
