## Pear Tree Yard, Sandiacre

Pear Tree Yard, a family business based in Sandiacre has undergone an extensive roof replacement project, where asbestos was discovered within the build.

Midlands Asbestos Solutions came to the rescue by removing the asbestos. Due to the nature of the extent of the project, it was undertaken in two phases.

In the first phase, MAS removed the asbestos corrugated roof sheets from the main building roof in June 2016. Returning back in October 2016, where MAS did the second phases of the removal corrugated roof sheets from the garage block.

Midlands Asbestos Solutions achieved this by having access to fixed scaffolding provided by the client. both phrases were finished within the agreed time scale.
